

# FLIRT SALON COVID-19 Safety measures

- Encourage clients to use Hand sanitizer upon arrival.
- All employees must wash their hands thoroughly (at least 20 seconds) immediately before and after providing client services.
- Sanitize all areas, styling chair, washing station, hood dryer, tools, etc. immediately after use, and between every client.
- Use of provided face masks is recommended however please understand and be respectful that not all of your coworkers are able to use masks due to medical conditions such as asthma etc..
- Ask the manager for new masks as required, and outlined by CDC guidelines
- We have face masks available for clients as well. These can be purchased by the client at a cost of \$2 per mask, while supplies last.
- We recommend use of every other Station when servicing Clients as an increased social distancing measure. Please utilize Stylist chairs that are not occupied to implement this measure.
- Washing stations – Please do not use middle washing station. Be considerate to your coworkers and when needed process toner at your chair.
- Disinfect washing chair for the next client after every use.
- Use available gloves to protect yourself from direct contact whenever possible.
- We will continue to implement attendance by appointment only. Our managers and front desk will notify you accordingly, with 20 minutes prior notice for any new appointments. Each stylist is responsible to be available during their scheduled hours, and to check their upcoming schedule.
- Use your discretion to maintain social distancing protocols in the stylist break area and dispensary. Your own station can be used instead of the break area in case you feel that the break area is overcrowded.

All stylists are licensed cosmetologists. Sanitation safety is mandatory licensing knowledge. Please assure that you are all in compliance.
